All information contained in this packet & all related materials are subject to the terms & conditions outlines in the purchase agreement. Information contained in advertisements, information packet, estimated acreages and marked boundaries are based upon the best information available to Brian Burke Auctions at the time of preparation and may not be exact information on the property. Each prospective buyer is responsible for conducting their own independent inspection, investigations, and inquiries pertaining to the real estate prior to auction. No liability for its accuracy, errors or omissions is assumed by seller or Brian Burke Auctions.

Buying Real Estate at auction is easy and great way to buy real estate.

We are dedicated to providing the best possible experience for our buyers.

- Inspect the property and review the information packet. We want you to be comfortable and confident about your purchase.
- Do I need to pre-qualify? No. We normally do not require any pre-qualification to bid. However, if you intend to obtain bank financing, the bank will require you to qualify for their loan. The deposit you make on auction day is not contingent upon financing.
- Down payment as described in the property information section is due and payable at the conclusion of bidding on day of auction.
- The auction will begin promptly at the scheduled time on www.BrianBurkeAuctions.com Please be sure you are logged and able to enter the auction before start time. Please note you will have to submit the bidder registration form to be approved to bid.
- Follow carefully to all announcements made on the day of the auction. Please ask any questions you may have.
- When the online auction begins at the scheduled time, the bidding will open with a starting amount. For example, the opening ask might be \$200,000, but the system may automatically adjust down to \$175,000 to encourage the first bid. Once a registered bidder places that first bid, the auction is officially underway. The system will then display the next required bid amount, and bidders can continue placing bids in real time by clicking the bid button. You may see several people bidding at once — this is completely normal. Don't hesitate to place your bid if you're ready. The platform will clearly show whether you're the current high bidder or if someone has outbid you. At a certain point, when bidding slows or pauses, the auction may temporarily stop while the auctioneer contacts the seller to confirm if the current high bid is acceptable. After this brief pause, the auction will either close or resume for final bidding. If you're the highest bidder when the auction ends and the seller approves the price, you'll be declared the winning buyer and contacted to finalize your purchase.
- If you are the winning bidder, you will then be declared the purchaser and will be directed on how to finalize the sale by signing the purchase agreement and giving required down payment.
- It is the Buyer's responsibility to schedule the settlement with the desired settlement company. If you need assistance in locating one near you, please let us know.
